AFNAN LANDSCAPE
TURNING LAND INTO LIVING ART!

www.afnanlandscape.com

Welcome Message

With heartfelt gratitude and a deep passion for nature, I welcome you to Afnan Landscape.

As a professionally qualified horticulturist with over 25 years of national and international experience, it has been my lifelong mission to transform outdoor spaces into harmonious blends of art and environment.

After decades of delivering landscaping solutions across borders, I am now proud to bring this wealth of global expertise back to Pakistan — to serve our land, our people, and our future.

At Afnan Landscape, we don't just plant greenery — we create living experiences. Whether it's residential gardens, corporate environments, or large-scale public landscapes, we approach each project with creativity, commitment, and care for the environment.

Join us in turning land into living art — where every leaf tells a story of dedication, design, and deep-rooted knowledge.

Ch. Abdul Hameed

Founder — Afnan Landscape

www.afnanlandscape.com

About Us

Established in 2021, Afnan Landscape is a dynamic and forward-thinking firm specializing in innovative landscape design, environmental planning, and green infrastructure development. With a deep-rooted commitment to sustainability and community enrichment, we provide comprehensive solutions across urban and rural landscapes—transforming open spaces into vibrant, functional, and ecologically responsible environments.

Our core services include Master Urban Landscape and Forestation Planning, EPA-compliant Environmental Studies, and Feasibility Assessments for residential, commercial, and public green spaces. We specialize in the design and development of community parks, housing societies, and recreational green zones—delivering everything from conceptual master plans to detailed construction drawings, MEP layouts, irrigation schematics, and precise Bills of Materials (BoMs) with cost-effective engineering estimates.

Guided by the realities of climate change and the urgent need for urban reforestation, Afnan Landscape is dedicated to reducing ecological impact through a sustainable design approach. Our projects aim not only to beautify spaces but to restore environmental balance and enhance biodiversity in urban areas.

At the heart of our operations is a highly qualified team of professional horticulturists, landscape architects, environmental specialists, engineers, and skilled technicians. Our design and planning studios, located in the Lahore & Islamabad, serve as the creative hub where ideas flourish and projects come to life. Additionally, our in-house plant nursery ensures year-round access to healthy, well-maintained plant stock, guaranteeing quality control from source to site.

From landscape construction and maintenance to the seamless supply of flora, Afnan Landscape is recognized for its attention to detail, professional integrity, and dedication to client satisfaction. Our ever-growing portfolio in Pakistan and abroad reflects the trust clients place in our vision, craftsmanship, and ability to shape green spaces that last for generations.

Our Services

Landscape Design & Planning

Afnan Landscape offers comprehensive landscape design and planning services that integrate aesthetics, functionality, and sustainability. Our process begins with understanding the client's vision and site conditions, followed by the development of conceptual layouts, detailed working drawings, and master plans tailored to each project's unique needs. Whether it's a residential garden, commercial property, or large-scale public park, our expert team of horticulturists and landscape architects ensures every design promotes ecological balance, visual appeal, and practical usability. Through careful planning, innovative techniques, and a deep respect for nature, we create outdoor spaces that leave a lasting environmental and visual impact.

Our Services

Outdoor Paving & Hardscape Solution

Transform your outdoor spaces with our expertly crafted paving and hardscape services. We specialize in the design and installation of durable, visually stunning surfaces that elevate both functionality and aesthetics. From driveways, walkways, patios, and courtyards to complete outdoor living areas, our solutions are tailored to meet the unique needs of residential, commercial, and institutional landscapes. Using high-quality materials and precision craftsmanship, we ensure long-lasting performance and minimal maintenance. Whether it's natural stone, concrete pavers, or decorative borders, every detail is thoughtfully executed. Enhance your property's appeal with structures that blend seamlessly with the environment and architecture.

www.afnanlandscape.com

Our Services

Urban Green Space Management

Afnan Landscape specializes in the planning, development, and maintenance of urban green spaces to promote healthier, more livable cities. Our Urban Green Space Management services focus on public parks, green belts, community gardens, and roadside plantations, ensuring these areas remain vibrant, safe, and sustainable. We implement smart landscaping techniques, regular maintenance schedules, and eco-friendly practices to enhance environmental quality and urban biodiversity. With a focus on climate resilience and community engagement, our solutions are tailored to meet the growing demand for green infrastructure in urban settings, contributing to cleaner air, reduced heat islands, and overall urban wellbeing.

www.afnanlandscape.com

Our Services

Vertical Gardens & Rooftops

Afnan Landscape offers innovative Vertical Garden and Rooftop Landscaping solutions that redefine urban greening. Designed for space-constrained environments, our vertical gardens bring nature to walls, facades, and indoor areas, enhancing air quality and aesthetic appeal. Rooftop landscapes are carefully crafted to turn idle roof spaces into lush, usable retreats—ideal for relaxation, gatherings, or eco-conscious insulation. Our team combines structural safety, water-efficient irrigation systems, and climate-appropriate planting to ensure long-lasting greenery. These green installations not only add visual charm but also contribute to urban sustainability, reduce building heat loads, and improve the overall environmental footprint of residential and commercial structures.

Our Services

Plantation & Supplies

Afnan Landscape provides end-to-end plantation services and high-quality plant supplies to meet the diverse needs of residential, commercial, and public sector projects. Our team of horticulture experts ensures the right plant selection based on soil conditions, climate, and project aesthetics. We offer seasonal flowers, ornamental plants, shrubs, trees, and turf—sourced directly from our own nursery for guaranteed freshness and quality. From initial soil preparation to expert planting techniques, we deliver sustainable green solutions that thrive. Whether it's bulk plantation for housing schemes or customized deliveries for gardens and interiors, our reliable supply chain ensures timely availability and professional execution.

www.afnanlandscape.com

Our Services

Pest Control Services

Afnan Landscape offers reliable and professional Pest Control Services tailored to safeguard your home, garden, and workplace from unwanted invaders. Our integrated pest management approach targets a wide range of common pests—including ants, cockroaches, rodents, mosquitoes, and more—using eco-friendly, safe, and effective solutions. We provide both one-time treatments and ongoing maintenance plans to ensure lasting protection and a pest-free environment. With expert technicians, precise inspections, and cutting-edge application techniques, we deliver results that restore comfort and hygiene. Trust Afnan Landscape to protect your spaces—because a cleaner, safer, and healthier environment starts with expert pest control.

www.afnanlandscape.com

Our Services

Lawn Development & Maintenance

Afnan Landscape provides expert Lawn Development and Maintenance services to create lush, healthy, and visually appealing green spaces. Our process begins with soil analysis and site preparation, followed by the installation of high-quality turf or seeding tailored to local climate and usage needs. We implement efficient irrigation systems, nutrient management plans, and regular mowing schedules to ensure long-term lawn vitality. Whether for residential yards, commercial landscapes, or public parks, our maintenance services include weed control, pest management, and seasonal care. With a focus on sustainability and aesthetics, we deliver lawns that are both durable and beautifully maintained year-round.

www.afnanlandscape.com

Our Services

Irrigation & Water Systems

Afnan Landscape designs and installs efficient Irrigation and Water Systems to ensure optimal hydration and sustainability for all types of landscapes. Our services include fully automated drip and sprinkler systems, moisture sensors, and rainwater harvesting solutions—tailored to each project's layout, plant needs, and climate conditions. With a strong focus on water conservation, we develop eco-friendly systems that minimize waste and reduce utility costs. Our expert team ensures precise water distribution, long-term reliability, and seamless integration with the overall landscape design. From residential gardens to large-scale urban projects, we deliver smart irrigation solutions that enhance plant health and landscape longevity.

www.afnanlandscape.com

Our Services

Vegetables & Fruit Gardens

Afnan Landscape specializes in designing and developing customized Vegetables and Fruit Gardens for homes, schools, farms, and community spaces. We offer end-to-end solutions—from soil enrichment and raised bed construction to seasonal planting and organic fertilization. Our horticulturists select high-yield, climate-compatible varieties to ensure healthy, chemical-free produce throughout the year. Whether you desire a backyard kitchen garden or a full-scale orchard, we provide expert guidance, maintenance plans, and supply quality seedlings. These gardens not only promote healthy eating and sustainability but also offer educational and recreational value, transforming your outdoor spaces into productive green sanctuaries.

www.afnanlandscape.com

Our Services

Patio, Pergola and Gazebo

Afnan Landscape designs and builds elegant Patios, Pergolas, and Gazebos that elevate the functionality and charm of outdoor spaces. Blending natural materials with modern aesthetics, our structures offer shade, comfort, and architectural beauty for residential gardens, parks, and commercial landscapes. From concept to completion, we ensure each design complements the surrounding greenery and aligns with the client's lifestyle and space. Whether it's a cozy patio for family gatherings, a stylish pergola for lounging, or a classic gazebo for focal appeal, we deliver durable, weather-resistant installations that enhance your outdoor living experience with both style and purpose.

www.afnanlandscape.com

Our Services

Park & Garden Landscaping

Afnan Landscape offers comprehensive Park and Garden Landscaping services tailored for public spaces, residential communities, institutions, and commercial developments. We specialize in master planning, design, and execution of aesthetically pleasing and functional green areas that promote relaxation, recreation, and environmental harmony. Our services include layout design, plant selection, pathway construction, lighting, water features, and seating arrangements—crafted to suit each project's unique character. With a focus on sustainability and user experience, we integrate native flora, efficient irrigation, and eco-friendly materials to ensure long-lasting beauty. Our team ensures every park or garden becomes a natural retreat for visitors of all ages.

www.afnanlandscape.com

Our Services

Outdoor Lighting

Afnan Landscape provides specialized Outdoor Lighting solutions that enhance the beauty, safety, and functionality of outdoor spaces. We design and install customized lighting systems for gardens, pathways, patios, pergolas, and landscape features—creating ambiance while improving nighttime visibility and security. Our services include energy-efficient LED lighting, solar-powered options, motion sensors, and smart automation for modern control. Whether illuminating a cozy backyard or highlighting architectural and natural elements in public parks, we ensure proper placement and design harmony. Our lighting enhances aesthetics after sunset while reflecting thoughtful craftsmanship and sustainability, transforming your outdoor environment into a welcoming, well-lit haven.

www.afnanlandscape.com

Our Services

Termite Control Services

At Afnan Landscape, our Termite Control Services are designed to protect your property from hidden threats with long-term, effective solutions. We offer comprehensive pre- and post-construction termite treatments using industry-approved, eco-friendly chemicals that eliminate infestations and prevent recurrence. Our skilled team conducts detailed inspections, identifies vulnerable areas, and applies targeted treatments that penetrate deep into the soil and structure. Whether it's residential, commercial, or landscape-focused protection, we ensure your foundations remain safe and damage-free. With a commitment to safety, reliability, and excellence, Afnan Landscape safeguards your investments—because real peace of mind begins from the ground up.

Our Projects

Hardscape and Pavement Project
Client: Sinopec Int'l Petroleum Corp.
Completed: 2014

Scope of Work

Completed in 2014 for Sinopec International Petroleum Corp., this project involved designing and executing hardscape and pavement works across industrial, recreational, and residential zones. The scope included durable paving systems, drainage integration, and ADA-compliant access routes. Each installation was tailored for usability, aesthetics, and long-term performance, supported by structured maintenance and safety inspections.

Highlights

- Installed high-durability interlocking pavers, tactile tiles, and ADA-compliant pathways.
- Integrated slope-graded surface drainage and geotextile-reinforced sub-base systems.
- Delivered low-maintenance, multifunctional paved zones for industrial and residential use.

AFNAN LANDSCAPE
TURNING LAND INTO LIVING ART!

Our Projects

**Turf Maintenance & Irrigation Revamp
King Abdullah Sports City (KASC)
Football Grounds
Completed – 2015**

Scope of Work

The Football Turf Maintenance Program ensures FIFA-quality pitches through smart irrigation, soil testing, precision mowing, reseeding, and eco-friendly pest control. High-wear areas are restored with sod and hydroseeding, while drainage and water quality are optimized. Staff receive ongoing training for sustainable care, ensuring year-round performance, aesthetics, and professional field management.

Highlights

- Revamped two full-size football pitches and a practice ground to meet international turf standards.
- Improved water efficiency by 30% with smart irrigation and weather-adaptive scheduling.
- Achieved year-round turf consistency and zero match cancellations, setting a regional benchmark in sports turf management.

www.afnanlandscape.com

Our Projects

Hardscape and Irrigation Works at King Abdul Aziz University Completed – 2013–2015

Scope of Work

Executed comprehensive hardscape and irrigation works at King Abdul Aziz University, including paved walkways, and decorative landscaping elements. Installed a smart irrigation system integrated with moisture sensors and weather-responsive controllers. The project emphasized durability, aesthetics, and water conservation, enhancing campus functionality and appearance across academic, administrative, and recreational zones.

Highlights

- Installed smart irrigation systems with weather-based automation, improving water efficiency by over 25%.
- Constructed durable hardscape elements including plazas, walkways, and landscape features across key university zones.
- Delivered a cohesive, low-maintenance landscape design that enhanced campus usability and aesthetics.

Our Projects

**Design & Development project with
Green Thumb
Circle of Harmony – Oasis Park, 2023**

Scope of Work

Completed in 2023, the Circle of Harmony transformed a circular city junction into a vibrant urban oasis. Featuring green-roof architecture, interactive fountains, thematic gardens, and pedestrian connectivity, the project blends recreation, aesthetics, and sustainability. Designed to enhance community engagement and urban wellness, it maximizes land use while elevating civic identity and environmental awareness.

Highlights

- Iconic green-roofed centerpiece with sky-lit atrium, symbolizing sustainable urban design.
- Interactive triple-fountain plaza and sculptural play zones promoting recreation and visual appeal.
- Eco-conscious features including native plantings, rainwater drainage, and efficient irrigation systems.

Our Projects

Design & Development Project Blossom Haven – Private Garden Landscape – 2023

Scope of Work

Completed in 2023, Blossom Haven is a serene private garden crafted for relaxation, gatherings, and visual delight. It features expansive lawns, wooden walkways, tropical plantings, floral borders, and a cozy gazebo lounge. Designed for low-maintenance elegance, the landscape offers a peaceful retreat with thoughtful detailing and a harmonious blend of color, texture, and form.

Highlights

- Elevated gazebo lounge and curved wooden walkways enhance comfort and movement.
- Lush tropical palette and vibrant floral borders create a resort-style ambiance.
- Symmetrical, low-maintenance layout with vertical green walls ensures privacy and tranquility.

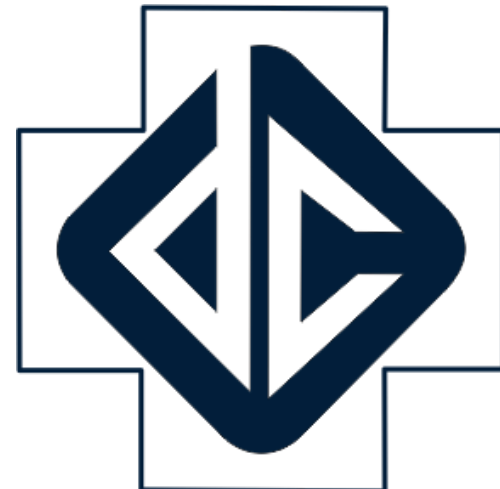

Global Clients

Local Clients

Testimonials

Abdula Ahad F
Project Manager,
Westin Hotels & Resorts

"Afnan Landscape exceeded our expectations with their design and execution for our corporate headquarters. The landscape now complements our brand identity and enhances the overall experience for both clients and employees. Their team demonstrated exceptional professionalism, timely delivery, and technical knowledge, making the entire process seamless from concept to completion."

Dr. Imran Saeed,
Director Operations,
GreenHarvest Agro

"We approached Afnan Landscape for integrated pest management across our agri-sites. Their approach was scientific, well-documented, and backed by real expertise. They didn't just offer a service—they provided a long-term strategy tailored to our operational needs. Our crops are now healthier, and infestation levels are under control with minimal ecological disruption."

Shk. Abdul Rehman Ali
Raza
Raza Est-KSA

"Collaborating with Afnan Landscape on our overseas projects in KSA was a pleasant surprise. Despite the geographic distance, their commitment, clarity in communication, and design excellence mirrored global standards. Their solutions were not only visually striking but also sustainable, which is essential for modern developments. We look forward to future collaborations."

www.afnanlandscape.com

Global Market Presence

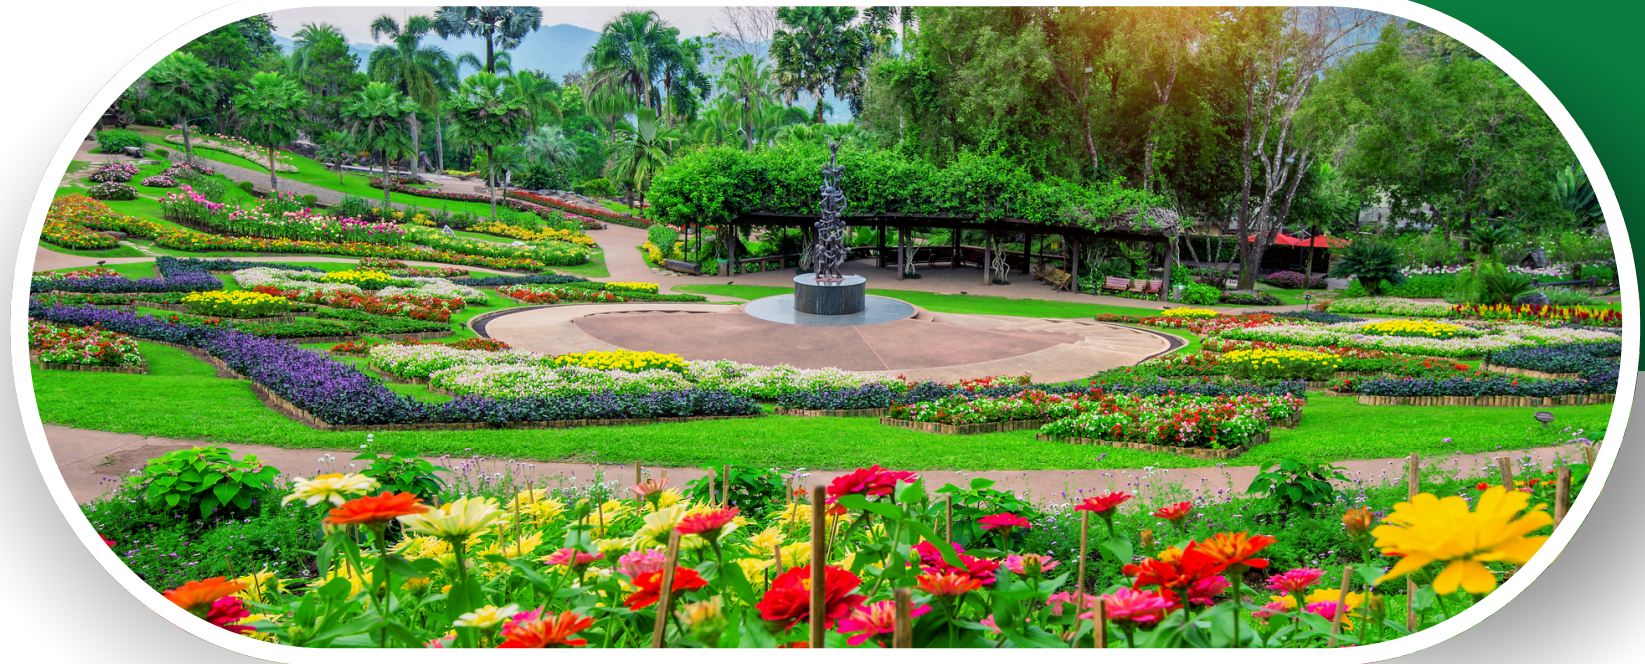

Afnan Landscape has built a strong reputation within Saudi Arabia by working with global organizations on major landscape projects. Through this experience, we've gained deep insights into advanced landscaping practices, environmental adaptation, and high-end client expectations. Now, we are eager to bring this valuable expertise to Pakistan—offering the same level of quality, innovation, and professionalism to local developments. Our work in the Kingdom has refined our skills in sustainable design, water-efficient irrigation, and smart landscape solutions tailored to arid climates. By combining international standards with local sensitivity, we aim to contribute meaningfully to Pakistan's evolving green infrastructure and outdoor living spaces.

AFNAN LANDSCAPE
TURNING LAND INTO LIVING ART!

Why Choose Us?
